

Veterinary Clinics & Individual Veterinarians

Appointment-based care and regular clinic hours

Below is a list of veterinarians in Sicily that **Sigonella Animal Welfare Society Inc. (SAWS)** knows and trusts. We regularly work with several of these clinics as part of our rescue, foster, and adoption efforts.

Please note that this list is **not exhaustive**. Sicily is home to many excellent veterinary professionals, and availability, services, and experience may vary depending on location and specialty.

If you have personal recommendations or positive experiences with other veterinary clinics on the island, we welcome your input and are happy to expand this resource over time.

While SAWS shares this list based on our experience, pet owners are responsible for choosing the veterinarian that best fits their needs.

Important tip: Always bring your *codice fiscale* to veterinary appointments. Italian fiscal law requires it at the time of payment.

📍 Veterinary clinics and hospitals are listed below 📍

24 Hour Veterinary HOSPITALS
